Caution

Devil in the Detail!

How did our holiest ally - ISAIS - initiate the 117th verse of her revelation?

Listen to all voices, pay attention to every sign. Schaddain's servants cast falsehood into the world. Be cautious, do not forget: Unpure is the majority of people, fallen away from All Father's home.

Despite her admonishing words, the messengers of doubt and unreason are so numerous among us as seldom before, making themselves noticeable in their presence. Rome-Juda has its retention time long since exceeded, nevertheless the limping all evil is preserved in the predominant masses nibbling on the spiritual hunger-cloth, however at the same time being of the rock solid conviction to have an affiliation to the pure people, i.e. to spiritual and mental awareness. What can be expected from this side of hardly to be surpassed arrogance, borders on an advanced form of dilettantism or simply, as one says so aptly: of madness. THEIR FOOLISH ACTIONS, DRIVEN BY STUPIDITY GIVE THEM AWAY. And in most cases, they are the women weaving in the sign of the "IR", who are brimming with obtuseness and I-love – unfortunately!

If you are in love, feeling the tingling of connectedness in your solar plexus, which always presents to you alertly all your emotional states, you will soon be given a satanic symbol, according to experience, that you will consider to be THE symbol of perfect love, or rather, which the sender interprets like this > >>
Whenever **a heart is given away** ... well, is it dawning already? The black magicians working in the twilight are full of joy, if you or the sender of his heart falls for this delusion, comrade! They, the shadow powers, created this symbolism of giving away ones power organ, as the synonym for the **S O U L - R O B B E R Y!** predominant everywhere on Irtha today! If your heart belongs to another, even if only transferred out of love, you lose control and dominion over your own property, which can always only belong to you alone, this organ is responsible for one third of your triune being as long as you pull your circles in this world. Are you sure, that your gift to the beloved even has arrived? Are you possibly already under the control of the Satanists, are you weak in your will and (**UN**)educated knowledge - wise, so the shadow power only had to wait for this one moment, to rob you of your local life force?

Are these evil beings, of which I have just spoken, possibly already close on your heels, are always interested in your indoctrination, try to tell you, how little you know and of what low value your life here seems to be? Be attentive, be strong and be an elementary enlightener of your holy folk, warn people! Don't believe any stranger in some iNet portal, who talks about all kind of things in a negative way over and over again. The one, who evaluates the life negatively, has an elementary interest to force death in your area of attention. We know: That which receives your attention, that grows, considerably even. So direct your focus only on what you want to experience in your future, protect the few *"lonely righteous"* from the evil of Schaddein, often presenting itself in the shell of a loving appearance.

Let us go a little more explicitly into the explanation of my little talk today:
St. Valentine, whose anniversary is repeated on February 14th, celebrated within the most stupid circles of the sub-humans, is such an evil representative of the annihilation of the light race.
He, Valentin, is not to blame so much for his bad reputation - he was a Catholic, yes, there must be something in the bad, if one joins such an ugly sect - but the people, who abuse his supposedly good reputation for their own purposes, preach manure and drink *Chateau de Rothschild* themselves! Well, have you already gotten suspicious in your upstairs little thinking room?

Look, what the true background of the oh so allegedly holy day is. Between 13 and 15 February, the days of the >>> **satanic love** <<<, in Dresden and other cities in Middle-earth>>>
By these 'good' deeds we recognize Satan's grimace, of the folk of worshippers of Schaddein once interfering in our Heimath striving for happiness, who only took their vicarious agents of inferior-minded from(US/UK/FRANCE/BOLSHEVIK) to finally be able to extinguish the holy people of the earth. Fortunately and gratefully the leader of our Russian brother folk finally and after long hesitation opened the "*Pandora's Box"*, to communicate to the people of the earth, that the guilt for the wars is not at all with the bright German population, but with all the dark ones of the mentioned "NATIONS" themselves, controlled by the VATI, who is known to know how to do such things! Our thanks for this to Vladimir Putin!

A further disclosure of facts leads us to a highly explosive topic, that shows us how long Germany is already in the clutches of the malicious ones. What happened in 1815, when the Sardinian-born Freemason of tiny stature ended the conquest of the Holy Middle Kingdom? At the *"Hambach Festival"* in 1832, the gold-red-black flag was waved as that symbol of truth and sovereignty, the representation of the Heimath animated by holiness, because, ... the highly spiritual meaning was:

Gold: The growth lamp hovering above all our heads, paying homage to the creator conditioning vitamins of pure and healthy nature; hereby the golden AR, the eagle of our kingdom, that gives us strength, endurance, the sharp sight for the essentials, the Lord of the air and invincible in our airspace, light golden intellectual work, the ancestors of our people as proof of this.

Red: The colour of the healthy blood of all our people, love for the kingdom and culture, the innermost part of our physicality, but, above all, also a warning to the enemies of all NATIONS facing us, is red, of course, also a hint of danger, which presents itself, if one tempts a folk. The last meaning does not apply in today's time any more for the German people, they are defenceless and helpless, robbed of their most elementary life force. As dead as the "FRG" and its successor organization "GERMANY" have

already been for years, equally lifeless is the once highly spiritual folk of poets and thinkers. Like the visionary Sajaha described it 2,600 years ago, it is only a select group of very few people, which corresponds to the purification of the new age. Also our sister Isais mentioned in her revelation: *(102) There are few, considering the whole, and even from this small number. (103) Those, who I recognized through the Greenlandic mirror: the holy flock, my heart is with them.* The German People have abdicated, a new folk is rising and many conscious people I hear calling: **"Thank God!"**

Black: representing our healthy Irtha (mother earth), the colour black naturally takes the lowest place in the colour- and flag- symbolism. What conceivable sense would physical earth have, shifted to the top? The way our mind (gold) rises upright into the spiritual sky, we stand with our feet firmly on the ground (black) of our Heimath, if possible replenishing energy, by moving through life barefoot. One perfectly normal tradition in the Northland, during every season! But us Germans mutated to whiners and weaklings! It could be cold for the tender little feet, we may get sick.

Us men let our wives do the work, are no longer willingly prepared to rule over Heimath and Land. One argues in the circles of the chin-haired, whether a cup of Tea or coffee is healthier, and which panties mummy put out for the forty-year-old son to put on in the morning, when he falls out of bed then in the early morning, at 16:00 o'clock. And the women? *"(102) Few there are, considering the whole, and also from this small number..."*

The forwarding of a video contribution to our faithful Ragnar in the TELEGRAM channel, was not refrained from to denigrate the holy woman in the video, but my thought was: WHAT ONE HUMAN CAN LEARN, ANOTHER IS ALSO CAPABLE OF LEARNING!

A few years later, we now write the year 1848, suddenly the twisted flags were decorating the scenery in the streets of our Heimath. Why did they do us this disgrace of a of such an inverted world view to us? >>>
Did the basically enlightened thinkers from one day to the next not know, which bright meaning the former splendor of the arrangement had? Yes, they knew about the reversal of the upper into the lower, gave the evil, lacking perfection, free space, listened to the nonsensical promises, characterized by hollowness, of the red evildoers and forged the first allegedly constitution, serving the people, even though all German peoples had always lived in peace with their previous "unity in the small". Now Zionist socialists brought in goods with unusual fees and taxes and influenced within the travel-traffic by means of propaganda misguided thinkers consciously into believing, that one can turn the artificially induced evil into the good, through the unification of different peoples. This idea and its implementation has always failed in every history.
A man from Brandenburg is neither Hesse nor Saxon, and he is certainly not Bavarian. Every nation has its own traditions and should keep them. Pacting is not part of the customs of Germans, certainly not under coercion and law. To bring the family, man, woman and maybe also little

children, to a common denominator, every reader will understand my concerns. How to unite a tribe, a kingdom, a whole folk and the so-called world population? All people are equal, I can agree with a "Yes!", but only in terms of their individuality. Basically, no human being can be living together in harmony with a second, which from the point of view of its development is not intended to be the case. Why should a person adapt to the demands of a second? Any kind of living together essentially requires acceptance of willingness to compromise and in this the essence of being suffers considerable lack in its development.

Back to our flag: Kaiser Wilhelm resolutely opposed to the use of the black, white and red flag, knowing - but having to conceal it - that this flag was the emblem of the trading conglomerate DEUTSCHES REICH, a registered trading company, before 1871 already. But he mentioned, finally agreeing to the flag mentioned above, a very essential aspect, which we are currently taking advantage of with the activation of Brandenburg-Prussia:

"This colour scheme matched the colours of the King of Prussia, Wilhelm I, in so far, as black and white were the colours of Prussia, and red and white, those of the Mark Brandenburg. Except from Wilhelm himself, who only reluctantly accepted the imperial title in 1871 and saw himself primarily as a Prussian, there was hardly any resistance to the black, white and red tricolour - the first step towards a unification of the German states was also more important to the supporters of the greater German colours black, red and gold, than the colours of the flag. The North German federal colours, which were adopted as the colours of the Reich, when the Reich was founded in 1871, finally became the black, white and red national flag of the German Empire in 1892 under Kaiser Wilhelm II and developed into a patriotic symbol of the empire widely recognized throughout Germany".

We are subject to a further deception, if we appreciate the English sentence *"An apple a day, keeps the doctor away*" in a positive way. The uneducated individual thinks, because of the media and false habits transmitted by the ancestors: "*An apple* [at least] *a day and you no longer need a doctor"*, it contains all the vitamins and nutrients, that a person needs to live.
According to the treaty, the satanic system is required to give people the truth in the one or other hidden way, which they do. Essential for the distinction your bright attention is needed, to see behind the pitfalls of the malicious and to uncover them. What Rome-Juda really wants to say with the above sentence, is: "*One apple a day is just about enough, to keep the doctor away from you."* So more could be extremely dangerous.

And how dangerous the misstep can be, I proved in my self-experiment, I ate only fruits and nuts, a little bit of wild herbs for this. Not in the first place my sugary obesity bothered me, although this did not have a positive effect on my order, but rather the growing lack of energy and the pain in the joints. Today of course I know much more about carbohydrates and their infinite destructive fury in the human organism.
As an exclusively KETO.GAN.IF athlete, from the first day after weaning from carbohydrates and fructose, and with an increase in large amounts of fat and moderate amounts of protein, my muscles grew at a rate, that is quite luxuriant for me. Any joint pain was obsolete within a few hours, when I removed the poisonous fruit and vegetables from my diet. Also cooked food that degenerates the body so tiresomely, I will keep out of my nutrition for the rest of my life.

Once, here in the station, after many months of sometimes sparse, but nevertheless pure nutrition, I was forced to put up with cooked food. At first it was my wish, to rather fast, than to consume degenerated food again, but the tempting and promising smell of the local small kitchen, seduced me one last time. During the months of KETO.GAN.IF nutrition, I achieved, despite the two to maximum four hours of sleep, for my standards oversized physical and mental performance, my soul endured one hell after the other, **NOTHING** could throw me off track, although I sometimes

reached the limits of what is psychologically possible.
This one single mistake, however, brought me into a state of lethargic powerlessness, my urge of eternal duty for the folk and Heimath was completely crushed. So I lay on my flatbed and only got up the day after the cooked meal to take a shower, to brush my teeth, and to wish a good morning to the striving people around me.

We are so addicted that we do not recognize the wise words of our ally Isais. Taste comes before purity. We won't be able to pass this flood of degenerative processes, without the wise guidance of the Almighty.

One day, when the chaff is separated from the wheat, because of their false faith, us few will be able to reach the shore of perfection, that much is certain.

In Liebe und Verbundenheit.
